Meeting was called to order at 7:30 p.m.

I. New Business

A.) There were no new special use requests referred to the Planning Board from the Town Board's December 2016 meeting.

B.) The Town Board is scheduling a January 2017 meeting to review the code book and asked the Planning Board for recommendations. The Planning Board reviewed and recommended the following:

Page 64:19, Section 64-21 Kennel License

Question regarding (B): Does the "1,000 feet" include neighbors across the street or adjoining properties only?

Page 120:59/60, Section 120-49-2(C) Farms; fowl and poultry

Add to (C): Lot size under 10 acres - number of fowl and poultry not to exceed ten (10). No rooster. Feed to be stored in rodent-free containers.

Page 120:60, Section 120-49-2 Farms; fowl and poultry

Add section: (D) Horses, hooped animals

Minimum lot size to be three (3) acres. Out of the three acres, one and one-half (1½) acres of usable pasture or exercise area is needed for each animal. (Example: for two horses, 4 acres of usable pasture is needed.)

Wellhead Protection – recommend a section be added describing "wellhead protection."

Designate wellhead protection area on zoning map for the new well. Marty to research and come up with recommended distance (1,000 feet?).

Page 120:91, Article X, Board of Appeals

No description on the "Planning Board" was found in the code book, except for a definition found on page 10405, Section 104-2 that references Article 16 of Town Law. It is recommended to add a separate Article (___) that describes the Planning Board (establishment, rules & regulations, etc.) similar to the Board of Appeals. Karen will bring suggested wording to the code review meeting. Also, where is Article 16, Town Law?

Solar Power – be sure to address Fire Company's issues. Agree to use Aurora, Wales & NYS's templates.

Lot Size – Planning Board feels the current lot size is okay.

Tire Dumping – would hate to lose this benefit for town residents, but understand it's a problem. Are there signs posted at the drop-off site? Most likely, the answer is yes.

Vineyards – Marty suggested we may want to include vineyards in the code, as they are becoming popular. Karen will see if she can pull some example codes from the Internet.

Meeting was adjourned at 8:30 p.m. The next Planning Board meeting is scheduled for Wednesday, February 1, at 7:30 p.m.

Respectfully submitted,

Karen L. Kline
